Dr. Ignaz Goldziher,
Budapest, Hungary.

My dear Dr. Goldziher:-

You will be surprised I know, to hear from me so soon, but since writing to you I have received the enclosed letter from the cousin of the children, and I, therefore, take the liberty of sending it to you and asking you if you can help Miss Berger to write her a letter and ask her father to call on you. If you cannot assist her, I shall understand the reason.

I trust you will not think that I am taking advantage of your kindness and hope that some time I may be able to reciprocate.

Trusting that Mrs. Goldziher is quite well, and with kind greetings, from house to house, I am,

Yours sincerely,

Rebekah Kohut
